AskAway – Chat with librarians from across BC
    Library homepage → Ask Us!
WHAT KINDS OF INFO CAN I FIND HERE?

• Demographics – who are we?
• Reports on caries rates for children entering elementary school and statistics on caries rates at varying ages
• Guides to language levels for additional language learners
• Factors that affect health such as employment and education
• Health service availability
• Barriers to accessing services and caring for one’s own health
IDENTIFY USEFUL RESOURCES TO ANSWER 1 OR MORE
QUESTION(S) & FIND THE ANSWER

What are the caries rates among elementary school children?

What English language listening skills do additional language learners have at stage 2 and stage 3?

How does income affect how Vancouverites rate their health? Where would you find information on factors that affect health such as income, education, and employment?

What low-cost services are available to your community?
REFWORKS

1. Set up new RefWorks account or login if you already have an account

2. Search UBC Library’s General/Summon search for this article and export it to RefWorks (see handout for instructions if needed)

3. Manually create a record for the Canadian Language Benchmarks: ESL for Adults 2012 edition (see handout for instructions if needed)

4. Add in-text citations to a Google Doc or Word Doc and create a bibliography using Uniform style
FEEDBACK

I would love to hear your feedback on this class!

Please take a minute to record one thing you liked or found helpful and one thing that hindered your learning on the blue index cards!
