Obstetrics & Gynaecology

Find Obstetrics and Gynaecology Books

Most obstetrics and gynaecology books are classed in WP and WQ and are located on Level 4 of the Woodward Science Library. You can also find obstetric and gynaecology collections at the Biomedical Branch Library at Vancouver General Hospital and the Study and Learning Commons at BC Children's and Women's Hospitals. Ebooks are accessible through the UBC Library Catalogue.

Keywords and Subject Headings

Listed below is a selection of obstetrics and gynaecology subject headings that can be used for keyword searching in the UBC Library Catalogue. Click on the links to find all UBC Library books on that specific subject.

- Gential Diseases, Female
- Gynecology
- Obstetrics
- Pregnancy Complications
- Pregnancy in Adolescence
- Ultrasonics in obstetrics

ELEMENTS OF A THOROUGH SEARCH

• Use PICO format for clinical questions.

• Select the resources that can best answer your question.

• Select appropriate keywords and subject headings for key PICO elements.

• Applying limits at the very end of the search.

• Verify results are relevant to your research question.

• Track what you have done and what worked

• Look at citations to find more relevant articles.
EndNote basic version is available through our Web of Science subscription.
REFWORKS

We maintain a UBC subscription to RefWorks that is available to all faculty, staff, and students.

Includes old (legacy) and new RefWorks
