Contact

Helen L. Brown, Liaison Librarian for UBC Obstetrics and Gynaecology

helen.l.brown@ubc.ca | 604-822-4442

UBC Library can provide education and support on the following:

- Effective literature searching
- Keeping up to date with current research
- Citation management (eg. using software such as RefWorks)
- Research data management
- Open access publishing

Resources

Access databases, point-of-care tools, books, and articles through the UBC Library homepage

Select Indexes and Databases

- Medline Ovid, PubMed, Medline EBSCO
- Embase
- CINAHL
- EBM Reviews (Cochrane Databases)
- ACP Journal Club
- Dynamed
- BMJ Best Practice
- Clinical Key
- CADTH https://www.cadth.ca/
- Trip https://www.tripdatabase.com/

Books

Our collections include all of the core obstetrics and gynaecology books. We stock many ebooks, which can be accessed from any location, but we also deliver our print books to any branch, as well as the BC C&W Study & Learning Commons. If there is a book that you need that we don't have please let me know and we can purchase it or borrow it from another library on your behalf.

Publishing, Metrics, & Citation Management

- RefWorks (free subscription for students)
- Journal Citation Reports (for journal metrics)
- Web of Science citation linking
