1) **Use the General/Summon search to find the following:**

   Dental Hygiene: Theory and Practice by Michele Leonardi Darby and Margaret M. Walsh.

   Is this resource available? How do you access the full-text?

   Infection Control and Management of Hazardous Materials for the Dental Team by Chris H. Miller; Charles John Palenik.

   Where is the best place to find this resource? What year was it published?

2) **The Canadian Journal of Dental Hygiene is a core resource for dental hygienists in Canada. Look up the journal using the Journal Titles search and find the latest issue (ie. June 2018)**

   Do you see an article by Prof. Zul Kanji?  
   I found it!

3) **PubMed**

   a) Search for a topic (choose your own topic, or try: gingivitis and oral rinses)

   b) Add a limit or filter to your search to look for a particular type of studies such as meta-analyses, systematic reviews, controlled trials, or guidelines.

   c) Try another limit such as publication date or age (under Show Additional Filters).

   d) Click on an article title, is it available via UBC e-link?

   e) Create an account  Username: ___________________  Password: ___________________

4) **For later... try searching in CINAHL.** Take a look at the CINAHL tutorials (1-3 min videos) to learn tips and tricks for searching this core allied health database: [http://guides.library.ubc.ca/CINAHL](http://guides.library.ubc.ca/CINAHL)

   a) Create an account  Username: ___________________  Password: ___________________

   b) Try using the Suggest Subject Terms check box to see if there is a subject heading for your topic (eg. try one or more of the following terms: gingivitis, mouthwash, or oral health)
